

## BURTON BRADSTOCK PARISH COUNCIL

### Item 7 - Correspondence received by the Clerk for January meeting

#### A few notes for info - Graham additional items added

1. Request for "The Roberts' Trail" booklet to be re printed, copy taken and circulated for our records Ken Pett has suggested that as the PC published this previously it should do so again and make available to the public. The booklet is out of date and needs revising. Sue Moores has offered to do this but can't start until summer. The question is do we want to revise and republish in support of local tourism, maybe charging for copies or seeking contributions from local businesses?
